

We strongly urge you to block the sale of WMFE in Orlando, FL. The station currently serves as the only full PBS station in the area. It brings a full complement of educational television for the children as well as news coverage, culture and educational programs for adults. Its sale would create an enormous void in high quality television for all.

The Daystar Television Network, a Christian broadcasting network, will not provide the same high quality educational and cultural programming, but will provide a very biased view of the world. It is true that viewers need not turn into this programming, but the alternatives will now be severely limited. PBS will be gone.

Please reject this proposed sale. There has to be a more viable solution.
